A FAMOUS EDITORIAL.

What Mr. Church Told Little Virginia About Santa Claus.

Dear Editor: I am eight years old. Virginia O'Hanlon.

No. 115 West 95th street.

Virginia, your little friends are wrong. They have been affected by the scepticism of a sceptical age. They do not believe except they see. They think that nothing can be which is not comprehensible by their little minds. All minds, Virginia, whether they be men's or children's, are little. In this great universe of ours man is a mere insect, an ant, in his intellect, as compared with the boundless world about him, as measured by the intelligence capable of grasping the whole of truth and knowledge.

Yes, Virginia, there is a Santa Calus. He exists as certainly as love and generosity and devotion exist, and you know that they abound and give to our life its highest beauty and joy. Alas! how dreary would be the world if there were no Santa Claus. It would be as dreary as if there were no Virginias. There would be no childlike faith then, no poetry, no romance, to make tolerable this existence. We should have no enjoyment, except in with which childhood fills the world would be extinguished.

Not believe in Santa Claus! You might as well not believe in fairies! 82 You might get your papa to hire men to watch in all the chimneys on Chirstmas Eve to catch Santa Claus coming down, what would that prove? No-39 body sees Santa Claus, but that is 82 no sign that there is no Santa Claus. The most real things in the world are 33 those that neither children nor men ing Union Academy school, is moving can see. Did you ever see fairies danc- along nicely with her work. ing on the lawn? Of course not, but 66 that's no proof that they are not there. 60 Nobody can conceive or imagine all 37 the wonders there are unseen and unseeable in the world.

You may tear apart the baby's rat- Herald and News. tle and see what makes the noise inside, but there is a veil covering the unseen world which not the strongest man, nor even the united strength of all the strongest men that ever lived could tear apart. What the Farmers Are Doing-The Coming and Going of the People of the Community.

Slighs, Dec. 7 .- After a long dry spell the earth is refreshed again with rain. This has been a remarkably dry fall and oats were needing

rain very badly. If the farmers did have a tough time of it making their crops they were blessed with plenty of fine weather to gather it in. Also a good price for their cotton. So it didn't end so gloomily as it once seemed. Some of the farmers have sown wheat, but not so much. Their opinion is that it is cheaper to buy flour, though it is well to raise some.

Congratulations to you and your force, Mr. Editor, for the quick time you made in getting out the extra containing a full account of the awful crime which occurred near Little Mountain on last Friday a week ago. We were surprised to receive this extra on Saturday following, but when they get ahead of The Herald and News giving the news while it is "red hot news" they will have to be "up and stirring some." Now is a good time to subscribe for The Herald and News and make 1911 the most successful year for it yet. We feel sure the editor will do his part to make it

We have had some real hard freezing weather recently and are now enjoying "puddings, sausages, backbone and spare ribs" from the result of it. It has been very fine weather for killing "porkers," indeed.
